L. Shanmugasundaram
for Jt.Director of Agriculture.

Copy to Concerned Agricultural Demonstrators and District Agricultural Officers.

'True copy/forwarded/by order Sd. xx
Superintendent.

Development Department.

/Orders on p. 30 above/

The Govt. of India originally allotted 50,000 tons of Ammonium Sulphate for 1947-48. Of this, the quota allotted to the Department was 25,000 tons Strictly speaking the whole of this quantity must have been cleared by M/s. D.S.Narayana and Co., since they were asked by India to clear the Dept. quota. The quota actually given to the Agri. Dept. originally was however only 19253 tons and this information was furnished to India to give suitable clearance instructions to them. Since this firm has cleared the whole of 19253 tons the balance of 5747 tons has to be cleared by the I.C.I. As instructed by the Govt. of India the Jt. D.A. has given despatch instructions to the I.C.I. for the distribution of this quantity. A copy of the instructions issued by him is at pp. 31-33 c.f. No further action is called for. The papers may be recorded.
